The toy shop with a difference - We come to you!

## Designer Three

40 pce

Jigsaw's Designer Three puzzle is classed as a **mosaic** puzzle.

The word "**Mosaic**" is of Greek origin. It means "patient work of art, worthy of the muses". It has undoubtedly been one of the most ancient and attractive ways of decorating since Roman times.

The actual **mosaic** art consists of putting together a picture with a subject or with friezes and geometrical shapes, using small pieces or Fragments of natural materials.

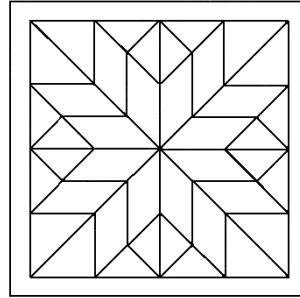

Early **mosaics** can be traced back as far as three thousand years BC. The Romans, who learnt the art of **mosaics** from the Greeks, were responsible for the spread of **mosaics** throughout their huge empire.

### Think outside the square!

The Designer Three puzzle will keep adults and children amused for hours.

There are many different ways to put this puzzle together. Children will be encouraged to use their imagination to create fascinating patterns, shapes and pictures.

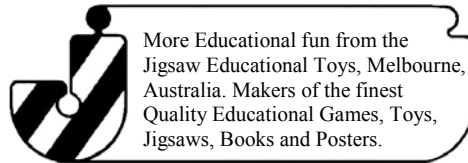

These puzzle pieces are interchangeable with Jigsaw's Designer One and Designer Two puzzles and can also be used as an extension of Tangrams.

DESIGNER THREE

Ages: 5-Adult

PRODUCT CODE: 12720
